

## **Wipe, Wipe, Wipe**

*(a melody in the works)*

COVID, COVID, Where are you?  
You're out to get us, what can we do?  
We hid in our houses, we don't go out.  
When we say "Hi" to our neighbors, we have to shout.  
We bow or wave but do not touch,  
We wipe down doorknobs, tables and such.  
Need toilet paper, food, do we risk going out?  
Can we substitute, can we go without?  
Looks like COVID will be here for a while,  
So get used to it, put on a smile.....and

Wipe,

Wipe,

Wipe.

(And do not whine)

By Bob Osley
